

“Knowledge is the currency of the 21st century.” - Unknown

Personal Profile Bilingual developer who takes pride in his ethics and manners. Specialized in responsive web development and motion graphics. Always make sure to think outside of the box while keeping in mind what is inside and likes to find better algorithms for every day tasks.

Professional Experience

Sep 2016 - Present

Andres Munoz Multimedia - Took my first attempt at freelancing while helping out at various aspects of the family construction business in a time of exponential growth. Including but not limited to rebrand of the company, including its current website www.summerlandbuilders.com. During that time I was able to work for various clients whos various needs I was able to satisfy. Some of these websites are www.kndmclean.com, www.thegroovedgoddess.com, www.airporterofthekeys.com

Jan 2016 - Aug 2016

Ascentus - Held the position of Front End Web Developer at Ascentus. In my time there I helped fix and add features to various of their in house websites like www.addictioncenter.com and www.cerebralpalsyguide.com. Helped develop the web app and website for the fitness app “We Compete” www.wecompete.com. I was also the front end developer of a big developing team that worked together to bring live www.drugcenter.com.

Oct 2013 - Dec 2015

Factory EStores - Held the position of Front End Web Developer at Factory EStores, a company that was ran inside Royall Advertising. The web store placed in the top 50 fastest growing ecommerce sites on 2012. Cleaned up imperfections, optimized the speed of their magento cms based store, created graphic assets for various sales, translate the site into spanish and finally acted as creative director for the re-design of their current responsive store. Rethinking the way the customers buy from the ground up, along side our brilliant Back End Developer. www.FactoryBunkBeds.com.

May 2012 - Feb 2013

Short Stop Studios - Held the position of Lead Web Designer at Short Stop Studios, a small multimedia company that focuses on film. After my arrival they were able to offer multimedia packages that included websites and have someone with studio equipment allowing them to do a broader set of tasks.

Education

Bachelors in Science in Digital Arts and Design 2013 - Full Sail University, Winter Park, FL.

Honors and Awards

Our Film “Knock Knock” by Short Stop Studios was nominated for 10 out of 13 awards and got “Best use of character” and “Audience award” as well as runner up for best film in the 48 hour film project Orlando 2012.
